## SUMMARY

Computer Science student at Penn State's Schreyer Honors College with a strong knowledge of various programming principles and practical applications across various languages. Familiar with both Windows- and Linux-based development using Git. Actively seeking an internship to apply and expand technical skills in a real-world development environment.

## EDUCATION

**Bachelor of Science in Computer Science**  
**Minors: Mathematics, Computer Engineering**  
**Schreyer Honors College**

The Pennsylvania State University, University Park, PA      GPA: **3.96**  
Anticipated Graduation: May 2027

### Relevant Courses

OOP with Web-Based Applications, Programming Language Concepts, Intro to Systems Programming (Linux), Calculus I – III, Technical Writing

### Programming Languages

C, C++, Java, Python, Visual BASIC

## WORK

### EXPERIENCE

#### Math Learning Assistant

Penn State Math Department, State College, PA      January 2024 – Present

- Enhanced student comprehension during class time by answering questions and guiding students through problem sets
- Hosted in-person help sessions twice a week for students struggling with class content by guiding them through practice problem sets provided by the designated professor
- Worked with a team of fellow Learning Assistants to better address all students during class time and practice sessions

#### Canvassing Team Lead

The Outreach Team, Harrisburg, PA      May 2024 – June 2024

- Encouraged and helped members of the community to create/update voter registrations before the 2024 general election
- Led a team of canvassers in the field each day, acting as a point of contact and a medium between canvassers and directors
- Trained new hires in the field to confidently interact with the community and become successful canvassers

#### Line Cook

Red Robin, Mechanicsburg, PA      June 2021 - February 2023

- Operated and maintained both gas and electric-powered machinery to cook a variety of dishes in a fast-paced environment
- Collaborated with team members to ensure the efficient completion of kitchen and service tasks

## HONORS

President Walker Award
