SUMMARY

Computer Science student at Penn State's Schreyer Honors College with a strong knowledge of coding principles and practical applications such as systems and software development. Familiar with both Windows- and Linux-based development using Git. Actively seeking a full-time position to begin upon graduation.

EDUCATION

Bachelor of Science in Computer Science **GPA: 3.95**
Minors: Cybersecurity, Computer Engineering, Mathematics
The Pennsylvania State University, University Park, PA **Expected May 2027**
Schreyer Honors College

Relevant Courses
Wireless Security Communication Networks, Operating Systems, Technical Writing

Programming Language Experience
Python, C, C++, C#, Rust, Java, Unity Development

PROJECTS

Development of Immersive Dementia Care VR Simulation Modules

- Led a team of seven computer science and biomedical engineering undergrad students in developing a realistic virtual reality simulation with AI voice integration in Unity
- Maintained weekly progress reports, communicated with sponsor clients, and managed finances on behalf of the team

GPU Superoptimizer

- Currently collaborating with a research team under DARPA to design and implement an efficient superoptimization scheme for CUDA-based GPU kernels in Rust

WORK EXPERIENCE

Math Learning Assistant
Penn State Math Department, State College, PA January 2024 – August 2025

- Enhanced student comprehension during class time by answering questions and guiding students through calculus problem sets
- Hosted in-person help sessions twice a week for students struggling with calculus concepts by guiding them through practice problem sets provided by program coordinators

Canvassing Team Lead
The Outreach Team, Harrisburg, PA May 2024 – June 2024

- Encouraged and helped members of the community to create/update voter registrations ahead of the 2024 general election
- Trained new hires in the field to confidently interact with the community and become successful canvassers by demonstrating proper protocol and knowledge of the voter registration process

Line Cook
Red Robin, Mechanicsburg, PA June 2021 - February 2023
